PRESIDENT BIDEN AND SENATOR BROWN REFUSE TO SECURE OUR BORDERS

(Columbus) U.S. Senate candidate and Army Special Forces combat veteran Frank LaRose released the following statement on President Joe Biden and Senator Sherrod Brown's refusal to prioritize border security policies:

"Senator Sherrod Brown and President Joe Biden refuse to take action to secure our borders and protect our communities from drugs, sex trafficking and potential terrorism. This is why it's vital we have leaders who don't just take photo-ops at the border, but understand the issue on a personal level. I served on the U.S./Mexico border and championed legislation to crack down on the poison flooding into Ohio communities. When I get to the U.S. Senate, I will work with President Trump to complete his historic immigration and border security strategy."
