LAROSE ANNOUNCES MORE THAN 200 CONSERVATIVE ENDORSEMENTS

(Columbus) – U.S. Senate frontrunner Frank LaRose continues to gain momentum, earning endorsements from more than 200 conservative grassroots leaders spanning each region of the state.

“Ohio conservatives know what’s at stake if we don’t elect a candidate who can beat Sherrod Brown and put our country on the right path,” said LaRose. “I’m honored to have a strong team of supporters throughout the state representing the conservative movement in Ohio, and with their help we will take back the Senate majority.”

These endorsements follow six consecutive polls showing Frank LaRose with a commanding double-digit lead over his GOP primary opponents. Despite Republican candidates Bernie Moreno and Matt Dolan spending money on television and digital statewide ads and running for nearly four years, LaRose leads the field by more than the other two opponents combined.

What they’re saying:

“We MUST take back the Senate and put our country back on the right path. Frank

LaRose is a proven conservative champion and the only candidate in this race positioned to beat Sherrod Brown in November.”
