**UNITED STATES SENATE CANDIDATE FRANK LAROSE
ON LATEST BIDEN DISASTER ON THE BORDER**

President Joe Biden and Senator Sherrod Brown Have Failed Ohioans

(Columbus) – Frank LaRose, the Republican candidate for U.S. Senate, released the following statement on President Biden and Sherrod Brown’s latest disaster on our border:

“As someone who fought the flow of illegal drugs and immigration on our nation’s southern border, I know first-hand what it takes to wage that war every day. At first, I thought the Biden Administration was just incompetent and Sherrod Brown was just enabling their failed policies. Now I’m questioning whether Democrats in Washington are intentionally putting our nation at risk. Their decision to let thousands of illegal immigrants flood our cities with nothing more than a note to appear in court raises serious questions about whether they have any intention of protecting our border at all. In the Senate, I’ll end these failed policies and defend our national security. That starts with retiring Joe Biden and Sherrod Brown.”
